REQUEST FOR ISSUANCE OF A CORRECTED PATENT

UNDER 37 CFR 1.322(b)

Dear Sir:

This is a request for reprinting of the corrected patent for the above-identified case. This request is being filed concurrently with a request for reprinting of a new corrected Certificate of Correction. The Office, however, is respectfully requested to grant reprinting of the corrected patent in lieu of reprinting a new corrected Certificate of Correction.

The nature of the mistake in omitting a whole phrase from the three independent claims of the above-identified patent (which occurred through the fault of the Patent Office) is such that a Certificate of Correction is deemed inappropriate in form. These mistakes prevent one from reading these claims effectively. The mistakes identified in the appended Certificate of Correction occurred through the fault of the Patent Office, as clearly disclosed by the original request for Certificate of Correction (attached) and the records of the application which matured into this patent.

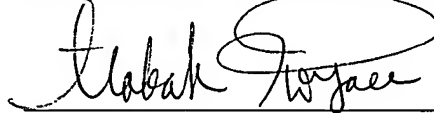

Accordingly, the Office is respectfully requested to reprint the corrected patent. Should there be any questions, the Office is kindly requested to contact the undersigned agent.

The commissioner is hereby authorized to charge any required fees relating to this request to our deposit account 50-1133.

Date: December 14, 2007

Respectfully submitted,

McDERMOTT WILL & EMERY, LLP
